Volume 2 –

Volume 4 –

Contains the financial statements of funds, organizations, agencies and enterprises comprising the government reporting entity.

CONTENTS OF VOLUME 2 – SUPPLEMENTARY INFORMATION – Basis of Presentation

- (a) **Compensation of \$50,000 or More**
 - (i) This statement lists employees who received compensation in excess of \$50,000 during the fiscal year. Amounts reported are calculated in accordance with The Public Sector Compensation Disclosure Act. This Act requires the inclusion of payments and other exceptional benefits not provided to the majority of employees. The amounts therefore do not include payments made or benefits accrued in relation to pension plans.
 - (ii) Employees are listed under the department or special operating agency that is indicated as the source of funds for the employee's position as at March 31st even though the employee may have been located under other department(s) and/or location(s) during the year.
 - (iii) This statement includes all compensation for all Members of the Legislature.

- (b) **Statement of Payments to Corporations, Firms, Individuals, Other Governments and Government Agencies**
- (i) This statement lists, in alphabetical order within department or special operating agency, each payee whose total payments by that individual department or special operating agency exceeded \$5,000 during the fiscal year. Payments are presented on a gross basis to show all amounts disbursed, up to May 15, 1999, which were charged to the 1998–99 fiscal period for the purchase of goods and services, investment and loan transactions, grant payments and refunds as well as payments from amounts held in trust on behalf of others.
 - (ii) This statement also lists, in alphabetical order within department, vendors from whom departmental purchases, using the Canadian Imperial Bank of Commerce procurement card, exceeded \$2,500 during the fiscal year.
 - (iii) Payments made to suppliers in the United States are presented in U.S. dollars.
 - (iv) Payments in other currencies are shown in the Canadian dollar equivalent at the time of payment.
 - (v) The location of the payee is shown except where payment was made to an address in Winnipeg or where the location is implicit in the name of the payee.

AUDITOR'S REPORT

On Public Sector Compensation Payments and Other Supplementary Information

To the Legislative Assembly of Manitoba

In accordance with Section 14 of The Provincial Auditor's Act, I have audited the financial information contained in Volume 2 of the Public Accounts of the Government of the Province of Manitoba for the year ended March 31, 1999. This financial information reflects the transactions attributable to the Operating Fund, a component of the Consolidated Fund, for compensation payments of \$50,000 or more and other payments in excess of \$5,000 to corporations, firms, individuals, other governments and government agencies. This financial information is the responsibility of the Government and has been prepared in accordance with the basis of presentation stated in the Introduction to Volume 2 of Public Accounts. My responsibility is to express an opinion on this financial information based on my audit.

I conducted my audit in accordance with generally accepted auditing standards. Those standards require that I plan and perform an audit to obtain reasonable assurance whether the financial information is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial information, as well as evaluating the overall presentation of the financial information.

In my opinion, this financial information presents fairly compensation payments of \$50,000 or more and other payments in excess of \$5,000 to corporations, firms, individuals, other governments and government agencies for the year ended March 31, 1999 for the Operating Fund, a component of the Consolidated Fund, in accordance with the basis of presentation stated in the Introduction to Volume 2 of the Public Accounts, and applied on a basis consistent with prior years.
